#### **Mini-Book, DON'T BLAME GOD**

According to the scriptures, it is the will of God for you to be healed, ALWAYS. In this lesson we will discuss this point as well as where sickness comes from and how it is provided for the believer in both the Old and New Testaments.

God's nature has never changed! In order to understand that God has provided healing for every believer, we must find out the will of God. The Bible states that "out of the mouth of two or more witnesses shall every word be established (**Matt. 18:16**). In reading Isaiah **53:4, 5, Matthew 8:16, 17** and **1 Peter 2:24** we find that these all bear witness to the fact that God heals regardless of age, background, sex, or condition. Unfortunately, the King James Version of the Bible does not translate very well into our modern language in many cases.

To help you with this, we will include Dr. Lesser's translation of the literal Hebrew for **Isaiah 53:3-6** " *He was despised and shunned by men; a man of pains, and acquainted with disease; and as one who hid his face from us was he despised, and we esteemed him not. But only our diseases did he bear himself, and our pains he carried; while we indeed esteemed him stricken, smitten of God, and afflicted. Yet he was wounded for our transgressions, he was bruised for our iniquities; the chastisement for our peace was upon him; and through his bruises was healing granted to us*"

In reading **Matthew 8:17**, we find that he is quoting Isaiah and explaining that Jesus was fulfilling the will of God. Jesus not only took care of the sin problem and its dominion over us, but he also took care of the effects of sin (sickness, disease, pain). In **Matthew 8** we find Jesus healing and delivering every one of the physical, emotional, and mental circumstances. Isaiah prophesied of Jesus helping us in the spirit realm as well as the natural realm. He did both. Jesus doesn't make mistakes and He does not show favoritism for one person over the other. Jesus carried out God's will and plan on the earth when he walked here and he is still doing so today. God's will is for you to **NOT** suffer with sickness or pain. He provided healing through Christ 2000 years ago and we reach out and receive it by faith.

Before the fall of man, there was no sickness on earth. There is none in heaven and thus it cannot come from heaven. In the Hebrew, many times the words translated "put" or "cause" are actually in a permissive tense, meaning "permitted."

Because of sin, God has to permit all kinds of things to happen in the earth until He brings to pass the full redemption of the entire earth from the curse which man has brought upon it.

When sin (disobedience) happened, the devil brought sickness and disease as a means to destroy God's creation-man.

Through your reading you can see that Jesus came to give back to man what was stolen from him. To bring back health and abundant life, not only in the world to come, but for now as well. Jesus destroyed the power of the enemy so that the devil's works would not overwhelm us. In your reading, you find that the devil is called a thief, murderer, and destroyer. You will find Satan binding people with pain and disease and Jesus loosing and healing them. Sickness, disease, pain, and death are from the devil. Jesus only brings life and healing to every believer.

In the Old Testament, God had a simple principle for health. God said that if the children of Israel would obey Him and follow His commandments, then He would remove sickness and not permit disease to attack them. In the Psalms, God is mentioned over and over again as a healer. It is obvious from the Old Testament that sickness came from sin and that forgiveness brought healing. The same is true in the New Testament.

When you read **John 1:1-14**, you will see that the "healing word" mentioned in the Old Testament, becomes flesh in the New Testament. In James we discover that the power of faith ALWAYS heals the sick and that the curse of sickness was placed on Jesus in **Galatians 3**. Remember in **Matthew 7** we find that God is a "Father" who desires to do good for us much more than even a 'good' earthly, father would want to do. Over and over in the New Testament gospels we find Jesus healing ALL in multitudes of people, setting them free from demonic attacks, and teaching and preaching to them concerning the Kingdom of God.

While there are many ways healing is demonstrated and manifested to us, one way always receives: **FAITH**. Faith comes from the hearing of God's Word (**Romans 10:17**). Jesus speaks of the person's faith in the majority of the individual cases of healing we find in the gospels. He made comments such as, "according to your faith be it done unto you," or "your faith has made you whole," or "as you have believed, so be it unto you." These comments let us know that God still honors faith and faith is still the vehicle by which we receive God's promises. Learn to ACT on God's Word. It is still healing today.

### **PRACTICAL APPLICATION**

Find someone who is in need of physical healing and teach them what God's Word says is His promise for their health. Work with them, reading and speaking God's Word to them until it begins to take hold. Once they see it clearly and have no doubt that God wants them well and has **ALREADY** provided healing through Jesus, then pray with them according to **Mark 16:18** and rejoice, for their healing will manifest.
