WORD OF TRUTH BIBLE STUDY INTRODUCTION

The *Word of Truth Bible Study* is designed to help people get a basic understanding of the Word of God. Jesus said, "You will know the truth and the truth will set you free." When I first received Jesus Christ as my Lord, I heard many things about God that were not Biblically correct. I had not learned enough about the Bible, at that time, to understand that what I was being told was not correct. Because of that, I believed the things I was told. It hindered my growth in the Lord and my knowledge about the Lord Jesus.

I began studying the Bible for myself and found that I was being told things that were not even in the Bible. They were someone's opinion about the Bible. I developed a desire to know God's Word for myself so no one could lead me the wrong way again. I encourage you to study the Bible and learn what it says and apply those principles to your life. The Word of God tells you how to be a success in every area of your life.

This Bible study is simple, yet profound. Jesus Christ never taught anything that was hard to understand. Most of the people of His day were uneducated so Jesus taught on a level that anyone could understand.

The only text book for this Bible Study Course is the Bible. There are other good books and materials that will supplement your study of the Bible but I encourage you to study directly from the Word of God and learn it for yourself.

Study these lessons, print them out and share them with others and tell others about this site so they can be blessed also. I pray these lessons will be a blessing to you and I would enjoy hearing from you. This website gives you many different ways to contact me.

GOD IS WITH US,

Rev. Randall Grier, Sr.
